BASIC-ABSTRACT:

NOVELTY - A method of organizing a beauty pageant online and running chatting outlets and shopping mall simultaneously is provided to users to chat with people having similar tastes in fashion by allowing users to participate in a beauty pageant where the users decide what clothes and accessories are fit for the models.

DETAILED DESCRIPTION - In the method of organizing a beauty pageant online and running chatting outlets and shopping mall simultaneously, the user visiting the homepage(20) first registers for a membership. The information about the user is saved in the database(50) through a CGI(40). The user is given moving graphics(60) based on the user's tastes and the user can make a model(70) to the user's likening. The information is then sent to the administration server database(65). And the information about the interviews conducted is sent to the user administration database(50).
